Contract for Clinical Consultation

I wish to receive consultation services from McManaway and Associates.

I understand that these consultations do not constitute clinical supervision and that I remain completely responsible – ethically and legally – for the decisions I make in my own clinical case situations. My consultant will provide me with an opportunity to discuss clinical cases and issues about which s/he may have some expertise, and s/he may help me consider options for responding, but the comments made for my consideration are not supervisory mandates.

I also understand that although we may sometimes need to discuss personal issues that may be relevant to my clinical work, these consultation services do not constitute psychotherapy.

I understand the potential limits of the confidentiality of this relationship. To the extent possible, my case presentations will provide no identifiable patient information. However, I understand that if I provide identifiable information about a situation regarding which McManaway and Associates has an ethical or legal obligation to report confidential information, s/he will inform me at the time and will give me the opportunity to make the report myself.

I understand that if my consultant becomes aware that s/he knows or has a prior relationship with the presented client(s), or if s/he believes s/he has a potential conflict of interest in her/his relationship with me, s/he will notify me of that fact immediately and will cooperate in helping me find a different consultant.

I agree to the fee of \$_____ per one-hour consultation session, payable at each meeting. Payments can be paid for by PayPal using the contact email address provided.

Complete policies, procedures and other relevant information may be found in **McManaway and Associates Supervision and Consultation Binder** available via .pdf or hard copy.
